

IIMHL & IIDL 2018 Building Bridges Beyond Borders

IIMHL & IIDL Network Meeting 2018

Where leaders connect to build the future together

The network meeting is the second part of the full IIMHL & IIDL Leadership Exchange week (May 28 - June 1). We have designed the network meeting to provide an unique opportunity for YOU and 499 key leader colleagues to work, learn and reflect together as a network. It will further the work during the first part of the week (the thematic matches during Monday 28th and 29th – learn more about these at iimhl.se) to expand the focus to what we need to do to get the conditions for mental health & social inclusion of people with disabilities right for the future. We see a whole society for mental health and social inclusion as key to success and BUILDING - BRIDGES - BEYOND BORDERS as three interdependent keys to get there:

Key 1: Beyond Borders

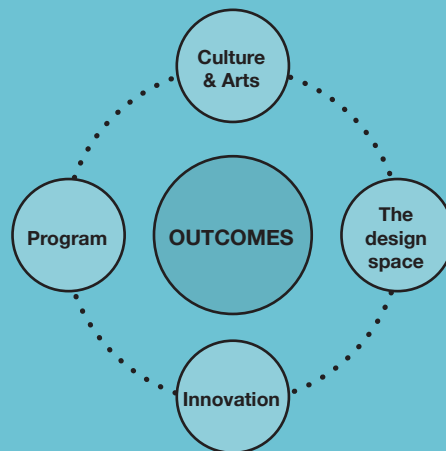

How do we turn core ethical principles such as anti-stigma, human rights, social inclusion and culturally appropriate population-based approaches into the fundamental building blocks for a shared solid ethical ground for the future?

Key 2: Bridges

How can we work within and between everyday settings in our daily life to build a whole society for mental health & social inclusion of people with disabilities?

Key 3: Building

Which strategies and tools for knowledge generation, innovation and implementation best help us drive transformation toward the systems and services we want?

WHAT IIMHL & IIDL 2018
Building Bridges Beyond Borders

WHERE Stockholm: Quality Hotel Globe
& The Stockholm Globe Annexet

WHEN May 30th (evening) - Opening reception
May 31st - June 1st - Network meeting

Working formats during the network meeting

- Short presentations from the 2-day matches
- Plenaries
- Interactive sessions
- Skill-building workshops
- Larger & smaller seminars
- Workspace for joint forward planning
- Arts & Culture exhibits

Benefits to network meeting participants

- Sharing & learning with leading colleagues about innovations, tools & experiences of systems and services transformation
- Working together on what the future requires of them as leaders
- Support in new approaches for active leadership
- Building relationships with colleagues within and between sectors
- Joint exploration of what it takes to build a whole society for mental health & social inclusion of people with disabilities
